- ° 2015 - Spring and
- ° 2015 - Java EE 5 Patterns
- ° 2014 - Higher Education
Multiplatform App Development

Profile
I like to know what happens inside things. I enjoy learning and building things from scratch. I am mainly interested in Java but I like to learn about other technologies and continue learning.
I'm participative and helpful to my workmates. I think teamwork and a good work environment are very important things.

Experience
